	Temperament is an absolute highlight of these heifers. All cattle flow freely through the yards and remain very sensible during weighing. While I have not personally handled them in the paddock, I have observed them being moved with a side-by-side ATV and dogs, and they remained calm and easy to handle throughout.

Assessor Comments	A well-bred line of Angus x Angus heifers, vendor bred at "The Braes", presenting in fresh store condition. Weights range from 222 kg to 258 kg, with an average liveweight of 241 kg at assessment. The heifers are Autumn born (April/May) and are by Bowen Angus sires out of quality Coffin Creek, Onslow, and Millah Murrah dams, reflecting depth of genetics. These heifers are up to date with animal health, with a very sound temperament and consistent type. Ideal to take through to domestic feeders. Ideal put away heifers for next season.
