Assessor Comments	These EU steers present in forward to forward-store condition. Ranging in weight from 383 kg to 459 kg, they are an ideal article to continue on oats and will offer a quick turnaround as heavy feeders, domestic-weight killable cattle, or can go straight into a feedlot. The steers are a combination of vendor-bred and New England–bred purchased cattle. They are usually taken through to heavy export feeder weights, but due to dry weather the oats have run out. IMMUNE READY, TREATED WITH BOVISHIELD AND RHINO GUARD 15/11 Good, quiet cattle with proven doing ability. Note 25 heifers in same sale
