Assessor Comments

Buyers a excellent line of 255 HGP free PCAS eligible soft easy doing crossbred steers that show plenty of bone, length & frame. These steers are best described as large frame and in forward store condition, that will excel with weight gains in the feedlot or on improved pastures. These steers have a great performance record on feed with a very good feed conversion rate being a regular comment from lot feeders. Steers were all weighed and mouthed at assessment with 187 head x milk teeth, 65 x 2 Teeth & 3 x 4 tooth. Steers are being sold c/kg with delivery being pick up on farm weighed Quilpie Spell & Weigh over the weighbridge off trucks. An outstanding run of western bred steers that will perform onto heavy kill weights. Buyers please note being sold as a run out the gate in a 6 x deck unit 153 head and 4 x deck unit 102 head. At assessment there was around 8x head that had some old fly rub marks but not seen as any issue.
