	Cattle are a pleasure to work in and out the yard. Their was the odd steer that stirred slightly when separated from the mob under pressure in smaller yard and in the crush but settled when back with mob.

Assessor Comments	Buyers a excellent line of 255 HGP free PCAS eligible soft easy doing crossbred steers that show plenty of bone, length & frame. These steers are best described as large frame and in forward store condition, that will excel with weight gains in the feedlot or on improved pastures. These steers have a great performance record on feed with a very good feed conversion rate being a regular comment from lot feeders. Steers were all weighed and mouthed at assessment with 187 head x milk teeth, 65 x 2 Teeth & 3 x 4 tooth. Steers are being sold c/kg with delivery being pick up on farm weighed Quilpie Spell & Weigh over the weighbridge off trucks. An outstanding run of western bred steers that will perform onto heavy kill weights. Buyers please note being sold as a run out the gate in a 6 x deck unit 153 head and 4 x deck unit 102 head. At assessment there was around 8x head that had some old fly rub marks but not seen as any issue.
