Assessor Comments	A quality line of one-mark Angus heifers presenting in forward condition. Heifers have been preg-tested empty for buyer confidence and are up to date with all health treatments, including their first Bovilis vaccination. These heifers were sourced from a reputable Southern Victorian breeder, featuring Pathfinder and Banquet bloodlines from a strong cow herd base. They offer an excellent opportunity for the next buyer — ideal to retain as future breeders or suit domestic market requirements. Please note: some heifers show minor vaccine-site lumps following recent treatment, and (3) display light blue eye scarring, not considered detrimental.
