Assessor Comments	A quality draft of 22 Angus and Angus cross Heifers which present in a store condition averaging 280kgs at assessment. These Heifers are ticking along nicely and after a slow season in the New England are just starting to loose their winter coats and are on the do. These cattle were a pleasure to handle and have been broken in with dogs, horses and bikes. These cattle have had all the hard work been done, drenched, vaccinated and present a profitable article that is all frame and offers plenty of compensatory gain. These Heifers would be ideal to background to heavy feeder or export weights. The vendor has also offered to transport Heifers to the Armidale Saleyards for Buyers confidence.
