Assessor Comments	A nice of Angus heifers that are grass fed and antibiotic free. These heifers are bred out of a self replacing cow heard based on Eaglehawk bloodlines. Heifers are starting to loose winter coat and shine up. A very nice line of Angus steers that would suit to grow out as breeders, feeders or MSA slaughter markets. Heifers are showing signs of cycling. Heifers are of good quality and given the right opportunity will continue to go forward. A nice lot of weaned Angus heifers that are renowned doing cattle.
