Assessor Comments	44 EU-accredited Angus- Hereford cross heifers, out of Cara-blood cows and sired by Glenavon bulls. Vendor has selected bulls based on fertility, growth, and IMF, ensuring strong genetic performance. Heifers are up to date with all animal health treatments and present in good condition. They are suitable to take home and join, or alternatively finish as heavy feeders or for the fat market. Three heifers have old pink eye scarring in one eye, which does not affect their vision. A neighbour's bull was found in with the mob for approximately one week. All heifers received a prostaglandin (PG) shot on 12/11/25.
