Assessor Comments	Quality Angus Calves. There are 15 heifers with white underneath. There were 3 heifers with active pink eye which was treated and will continue to be until delivery. These calves are out of good frame station bred cows with great genetics. These calves are sired by Dunoon & Dulverton Angus Bulls. These weaners were pulled off their mothers at assessment. These Angus heifers are nice feminine types. These cattle are of very good quality. These heifers were extremely good to handle. Vendor has another 2 lot of Steers this sale.
