Assessor Comments	Quality line of vendor bred Angus heifers. The vendor has been using the highest quality Reiland Angus genetics available in their herd for the past 27 years with a focus on growth, positive fats & temperament. With these heifers being an excellent reflection of their breeding program. These heifers will mature into highly productive breeders which will offer great genetic gain for the purchaser running a self-replacing herd. As potential breeders these heifers tick all the boxes, however the Mount Hugel cattle have a history of performing exceptionally well on feed and are highly sort after by repeat feedlot buyers. The Mount Hugel herd would be considered one of the top herds within the Adelong district and this is a not to be missed opportunity to purchase quality cattle. Cattle come highly recommended by assessor.
