Assessor Comments	Offering 78 British and Crossbred steers. These steers were 246kg live at assessment. The steers vary in condition but are mainly strong store condition with plenty of compensatory gain. The steers are bred from a mixture of cows that were purchased in by the vendor and also a portion of vendor bred steers. This is a nice two deck line of soft flatback steers that have been weaned back in October and are not carrying excess condition. Please note three steers were noted with blight eye scarring, attached photo of the worst one. Please note the same vendor has another three decks of heifers in the same sale.
