Heifers were pleasant to handle throughout assessment process, they flowed well through yards and race with only a few slightly stirring in crush, however settled quickly once released back into mob. Vendor has done a good job educating these

Assessor Comments	A good tidy line of Angus/Angus x heifers. These heifers would be ideal to slot into a feedlot program or to grow out to heavy export slaughter weights. Heifers have been educated well and would also be suitable to join to a bull of your hoice to replenish breeder numbers.
