Assessor Comments	Buyers, here is a good line of young steers that are really just starting to do, averaging 338kg. These steers present in store condition standing on nice bone with muscle. Steers have good length of body with depth of flank and skin. These steers are soft smooth easy doing types that would make great feeder steers. These steers were purchased as light weaners in august this year. Steers were very good to handle through yards. This is a great opportunity to purchase young steers that are just about to pack the kilos on.
