Assessor Comments	Buyers, this is a nice line of weaned F1 Wagyu steers & heifers that average 322kg (steers ave 326kg & heifers ave 318kg. They have very good frame and length of body. These F1's are out of larger frame straight bred Angus cows by Trent bridge Wagyu bulls (pedigree of bulls are in photos). They were very good to handle through yards. I believe these cattle are ready to go onto feed or background and would make great carcasses for a short or long term feeding program.
