Vendor Comments

Tidy line of very well bred Angus x Angus steers with no short cuts on breeding or animal health and husbandry. These steers are the perfect backgrounders.

Temperament

Quality Grades		Store Condition	
Excellent	100%	Fwd Store	100%

Yards	Crush	Paddock
Quiet: 21 head Slightly Stirry: 2 head	Quiet: 19 head Slightly Stirry: 4 head	Quiet: 23 head

It is obvious from the minute you step into the yards these cattle have been well handled for their age. These weaners are mustered with dogs and horses and are handled with the highest level of animal husbandry and stockmanship. Additionally, no change has been spared with genetics which has trickled down into the calves presentation and temperament.

Handled With

Dogs , Horses , On foot

Assessor Comments

Buyers here is a great opportunity to purchase 23 Angus x Angus Autumn drop weaner steers. 6 hours off feed these steers weighed from 234kg - 336kg to average 290kg at assessment. All the hard work with health treatments and handling has been covered, these steers are in the perfect condition and will hit their straps over the summer period off grasses or a summer forage program. 3 sire's used are from the Knowla Angus stud where the vendors purchase bulls for their do-ability, growth, performance, fat positive and carcass traits. These bulls would average $20,000 and year on year have top performing progeny on the ground typically targeting a heavy Export feeder job or Grass premium kill program. Please note one steer had an old blue dot in one eye, 3 steers had a white patch and 1 steer a white patch on the shoulder. Access is suitable for a body truck up to 28ft. Happy to suggest local transport to assist. Please also note in treatments, steers at assessment were drenched.
