Assessor Comments	Very good quality Droughtmaster heifers 10 to 13 months. CERTIFIED ORGANIC, USDA & NATIONAL ACCREDITED & EU. Light backgrounding steers that have enormous potential with tonnes of breeding and performance history behind them. The Latrobe Droughtmaster stud & commercial herd carry a great reputation as noted performing cattle in all markets. Heifers that have experienced very favorable seasonal conditions and are expected to perform well either on grass or feed. I cannot emphasis enough the general good nature of these cattle, they are exceptional quality with length, bone, shape and frame to grow out further - Highly recommended. 5 family brands. Due to the larger number assessed the curfew time ranged from 15-20 hours , the cattle were off feed and water for that period so have had a large curfew.
