Weaners are well educated through yards with a big emphasis on quiet stock handling. Goombie weaners are highly regarded for the quietness and being well educated through the yards. Considering the very hot conditions at assessment heifers were very well behaved.

Assessor Comments	Buyers an opportunity to buy 4 decks of VGQ PCAS eligible Charolais X weaner heifers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to three weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. Heifers have plenty of bone, length, depth & confirmation. Heifers have a good performance record and will suit to grow out to heavy feeder weights or would very much suit a future breeding program. Buyers please note 2 x family brands in line.
