Assessor Comments	Buyers an opportunity to buy 4 decks of VGQ PCAS eligible Charolais X weaner heifers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to three weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. Heifers have plenty of bone, length, depth & confirmation. Heifers have a good performance record and will suit to grow out to heavy feeder weights or would very much suit a future breeding program. Buyers please note 2 x family brands in line.
