	Vaccinated	15/06/2025	Pesti guard First Dose

Vendor Comments	Annual turn off
-----------------	-----------------

Temperament	Yards	Crush	Paddock
	Quiet: 49 head Slightly Stirry: 2 head	Quiet: 46 head Slightly Stirry: 5 head	Temperament not assessed in Paddock
	All steers were great to handle with obvious signs of previous human exposure to be that of an excellent stockmanship nature. Any animals that did become distressed in the crush or when isolated were soon back to a calm nature once returned to the mob. Steers were great to walk back to paddock once assessment complete.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles		
Notable Traits	Traits 1 Head warts on shoulder		
Assessor Comments	Buyers please see an exciting opportunity to expand your Wagyu feeder steer exit in the new year. Focusing on growth and high marble score sires to please any and all potential buyers to step into high end consumer market. With the current wagyu market still affordable whilst the growing premium for wagyu beef is on the rise now may be a better time than ever to step into or grow your herd for 2026 . Please see all possible sire idents available in photos. follow QR code on photo for more sire information
