Assessor Comments Buyers, This is a good line of Charolais cross heifers that present in store condition averaging 337kg. These heifers show nice frame with plenty of compensational weight gain. Heifers are soft smooth easy doing types standing on good bone with length. They have nice spring of rib with depth of flank. These heifer's haven't been joined and have been trucked to property where there is no bulls. Heifer's are out of medium to large frame cross bred cows by top quality Moongool & Palgrove Charolais stud sires. The odd No 4 heifers in them were mouthed milk tooth.
