Joining Access Details	Heifers have only had access to bulls whilst running with their mothers, three months prior to weaning		
Temperament	Yards	Crush	Paddock
	Quiet: 80 head	Quiet: 75 head	Temperament not assessed in
	Slightly Stirry: 12 head	Slightly Stirry: 17 head	Paddock
	Heifers do move freely in yards with some heifers becoming unsettled when confined in the crush but settled quickly once returning to the mob.		
Handled With	Bikes , Dogs , Horses		
Notable Traits	Traits 3 Head Ringworm		
Assessor Comments	A good quality line 92 Composite type heifers are on offer. They have plenty of bone and stretch to take through to feedlot or heavier kill weights or future breeders. Heifers mainly sired by Simmental and Charolais Bulls with one Angus bull. Cows are mainly Droughtmaster X, Charbray, Charolais, Brangus, and Composite cows. Most of the heifers are vendor bred however, some are not vendor bred as were purchased as a cow & calf unit. A great line of weaned heifers that will continue to move forward and be a quality asset to any future breeder operation or to suite any market.		
Assessor	Garry Cartwright (Level 1 Accredited) Phone: 0427 281 936
