Assessor Comments	A good quality line 72 Composite type steers are on offer. They have plenty of bone and stretch to take through to feedlot or heavier kill weights. Steers mainly sired by Simmental and Charolais Bulls with one Angus bull. Cows are mainly Droughtmaster X, Charbray, Charolais, Brangus, and Composite cows. Most steers are vendor bred however, some are non vendor bred as were purchased as a cow & calf unit. A great line of weaned steers that will continue to move forward and be a quality asset to any steer trade operation to suite any market. Buyers note vendor has another lot of steers in same sale.
