Assessor Comments	A standout run of future breeders and or feeders, vendor-bred and sired by Pentire bulls out of Pine Creek blood cows. These heifers have been raised on irrigated oats and improved pastures under pivot, presenting in excellent condition. All grass-fed, antibiotic-free suiting a wide range of markets, and backed by a vendor with a proven history of strong feedlot performance. The heifers are extremely quiet and well-handled, having been yard-weaned for 10 days at weaning in April. The vendor takes great pride in the preparation and presentation of his stock, and it shows in this line. An exceptional draft of quality heifers ready to grow on and perform.
