Assessor Comments

These Heifers are all vendor bred from the renown New Turee EU angus cow herd. This is an opportunity to purchase some of the high performing angus heifers that New Turee have built their reputation around with their females focusing growth, IMF and fertility. This is a very even run of Angus vendor bred EU accredited heifers. These heifers are antibiotic free and grass fed, making them eligible for most grass-fed programs. There is the odd heifer that some a little bit of white on underbelly, please refer to photos for a better description.
