Assessor Comments	Annual Draft of the Delhi Downs steers bred out of big roomy females with 30+ years of Glenruben Angus bloodlines behind them. Annually obtaining the lead selection of Glenruben Angus sire selection, these steers have a proven track record as noted performers obtaining big weights at a young age. Properly yard weaned these steers were a pleasure to handle throughout the assessment process as is the norm with the Delhi Downs cattle. This offering are the tops of the drop and present with length, bone and shape. Steers have been Bovilis treated with details available to the successful purchaser with all other veterinary treatments up to speed. Never Ever Accredited and/or PCAS Grass Declaration available at purchasers request.
