The BTH herd have had extensive handling and these calves displayed excellent temperament characteristics throughout the assessment.

Handled With: On foot , Vehicles

Notable Traits

| | Traits |
|---|---|
| 1 Head | White on belly at navel |

| | |
|---|---|
| Assessor Comments | 20 tops of the drop, excellent quality weaned angus steers. Based on a very successful 80% conception rate, these calves are principally AI sons to Chiltern Park Moe M6. Displaying excellent growth and weight for age considering one of the tightest seasons in the North East, these calves have weaned easily and are a pleasure to handle. Often enjoying repeat buyer competition at local weaner sales, these steers represent a great opportunity to secure top class genetics, ideal temperament and quality to take them through as grass fattened cattle or background for any of the feedlot specifications. |
