	The vendors have always run an operation where one of their main focuses for their cattle is having good temperament. When mustering, the cattle are either mustered on foot or by calling them in. Vendors use low stress stock handling practices to create a safe and calm working environment for not only the cattle, but themselves too. These cattle would be ideal for all levels of stock handlers.		
Handled With	On foot , Vehicles		
Assessor Comments	Presenting a quality line of Fernhill blood heifers on behalf of the Howe family. With over 30 years of utilising Fernhill Angus genetics, the cattle produced off this property are bred with an emphasis on good structure, length and docility. The vendor		

has handled the cattle regularly and uses low-stress stock handling practices. Cattle are often yarded on foot or by being called, with the temperament displayed being a true result of a limited stress environment, making them suitable for all levels of stock handlers. This article would be ideal to target feedlot entry weights or suited to add to a breeding program and join to a bull of your choice. Please note vendor has another 11 steers in the same sale on offer. Grass fed only, antibiotic free.
