Assessor Comments	A small run of good quality NSM Hereford cows with Hereford CAF. Cows present in strong store condition and are doing a terrific job on their sappy calves. Cows are mixed ages (3 - 6 years). Only being sold due to a portion of the property being sold. Classed in breeders that have calved each year since 2. Cows are bred on Kaludah and Gunyah Hereford bloodlines and have Bendoc Park Hereford calves at foot (One Hazeldean CAF in mob). Calves are 115kgs avg and were marked and given 5 in 1 at assessment. These calves are typically in the front lane at the Monaro Weaner sales, and are an excellent representation of well bred Monaro herefords. Please note: MJ Green (same property) also has a run of 30x30 Hereford cows and calves in today's sale to make up a BDouble.
