Assessor Comments	An excellent run of NSM Hereford cows with Hereford CAF. Cows present in strong store condition and are doing a terrific job on their sappy calves. Cows are mixed ages (see age breakup) but principally 6 year old. Only being sold due to a portion of the property being sold. Classed in breeders that have calves each year since 2. Cows are bred on Kaludah and Gunyah Hereford bloodlines. Calves are 95kgs avg and were marked and given 5 in 1 at assessment. These calves are typically in the front lane at the Monaro Weaner sales, and are an excellent representation of well bred Monaro herefords. Please note: JL Green (same property) aslo has run of 9x9 Hereford cows and calves in today's sale to make up a BDouble.
