Assessor Comments	20 Cows & Calves. Cows are vendor bred and range from 3-9YO. Drenched on 04.08.25 with Cydectin Injectable Long Acting. They have not been re-joined and have not seen any bulls (No bulls on the property anymore). Nice big frame cows that have carried their calves very well. Calves are 6-7weeks old. Sired by LBW Angus Bulls with the vendor selecting for calving ease and incresaed growth performance. Vendor usually retains but a change in circumstances has resulted in selling his breeders. A small number of the angus cows have white on udder. Please note: 1 baldy cow has lump under jaw (please see photos attached). Vendor has 1 other lot in sale.
