Assessor Comments	11 Cows & Calves. Cows are vendor bred and range from 2-6YO. Drenched on 04.08.25 with Cydectin Injectable Long Acting. They have not been re-joined and have not seen any bulls (No bulls on the property anymore). Nice big frame cows that have carried their calves very well. Calves are 10-11 weeks old. Sired by LBW Angus Bulls with the vendor selecting for calving ease and increased growth performance. A small number of cows have white under belly/udder. Vendor usually retains but a change in circumstances has resulted in selling his breeders. Vendor has 1 other lot in sale.
