| Assessor Comments      | A very neat and tidy line of young Speckle Park breeders, with Speckle calves at foot. The cows range from 2 to 6 years, and the calves are May/June drop. A complete herd dispersal, due to the property being leased out. Five of the older cows were purchased in as heifers ready to mate, the balance are vendor bred. An ideal start up herd for a Speckle Park enthusiast, or a great addition to any existing herd. Temperament is excellent, being generally of a docile nature. Will suit all levels of experience. Please note: the successful purchaser has the option to take the two 2020 drop herd bulls at \$5,000 + gst each. The bulls are top end Ewen Park Speckles, with EBV's available upon request. Low birthweight and high growth. The cows are only young breeders, and will present in very good forward order, with their impeccable breeding shining through. The calves are Mickey Mouse, weighing a touch over 200 kg average. |            |                 |         |
