Assessor Comments	These are a very good line of quality angus heifers. They were purchased earlier this year as the top of the drop heifers from the Madin family dispersal. They are pure Glendaloch blood and are PTIC to a Days Whiteface low birthweight Poll Hereford bull. (EBV BW -.6). Considering the tough conditions through the autumn and winter they have very good weight for age. The temperament of these heifers is excellent, and they are a credit to both the breeder and vendor. Note one heifer showing some white around her udder.
