Just a normal mob of Angus heifers to handle. Well educated. Worked around yards no fuss. A couple of heifers a little fast when pushed, but really no trouble. I would personally be happy to send anywhere.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A very neat line of Angus Heifers with their first calf at foot. Heifers by Karoo bulls and their calves are as well. Showing plenty of frame and style. Only being sold as part of an operational change. Would slot into any program. Have been rejoined to the Karoo sires mid October and bulls will remain with the mob until delivery. Another line of the same heifers (43 head) to be offered in same sale. Breeders that you would be happy to keep in any herd for many years with all the hard work done. Definitely worthy of very close consideration.
