Assessor Comments	A line of Angus cows and calves which are part of the East Loddon herd dispersal .These cows have been doing it tough due to season but have been putting it all into their calves. Cows still weighed 576kg in store condition and calves ave; 160kg which proves the quality and the breeding.Cows very in frame with 3 X/L, 8 L , 4 Med. but are still only 2nd calvers . Shown feed these cattle will improve very quickly.
