Very easy cattle to handle. They have had a lot of exposure to handling and yards with regular rotational grazing patterns and this also makes the cattle quiet. They were through the yards and every heifer just took their turn and stood on the scales. Not one heifer moved on the scales during the whole process. Exceptionally quiet													
Handled With	Bikes , Vehicles , 4 wheel bike												
Assessor Comments	All the Yala Yala cattle are well handled and a pleasure to work. They have had their first calf now due on their 2nd. A wonderful opportunity to secure quiet young cows to establish an Angus herd or to add to any established herd. Angus bulls in 3/5 and out 14/7 to start expecting calves on or about 9th February.
