Assessor Comments: A good line of young PTIC Angus heifers presented in good store condition. These heifers were purchased off A/Plus as a bigger mob, an Outwest Angus bull was found in them and these are the pregnant heifers 3 to 4 months in calf .Have been grown out at Sandhurst with the view of taking them on but the season has not allowed for this to happen . Good healthy heifers,. All the hard work done , heifers should grow out to be great breeders and very quiet to handle. Another 22 PTIC heifers in this sale
