Assessor Comments	These Wagyu x Angus cows, averaging 419 kg are a quality line of store cattle with each of them carrying a Kunuma Angus blood calf at foot. These cow & calf combo present a grate opportunity to acquire a nice run of F1 cows to trade with & nice soft young calf's too grow out. This line of cattle are being offered due to the challenging dry conditions in the Cooma district, making them a genuine and well-bred package ready to add value to your herd.
