Assessor Comments	Quality line of 4 year old Angus cows with calves at foot. These large to medium frame females have been doing an excellent job on raising their young calves which averaged 120kgs with 3 steers & 11 heifers (calves are marked). Calves at foot are sired by high indexing Bongongo Angus bulls. Females have been rejoined to Bongongo Angus sire U567 from 15/9/25 until 25/11/25. These females show good weight for age and are in ideal condition. Buyers, please note the vendor is offering their complete herd of females & calves over three lots in today's sale. Please note there are a couple of females in this offering with white on their udders & 1 steer calf with white on his pizzle. Excellent opportunity to secure quality cows & calves which would be an asset to any herd. Cattle come highly recommended!
