Assessor Comments	Quality line of 4 year old Angus cows with calves at foot. These large to medium frame females have been doing an excellent job on raising their young calves which averaged 170kgs with 11 steers & 8 heifers (calves are marked). Calves at foot are sired by high indexing Bongongo Angus bulls. Females have been rejoined to Bongongo Angus sire U1363 from 15/9/25 until 25/11/25. These females show good weight for age and are in ideal condition. Buyers, please note the vendor is offering their complete herd of females & calves over three lots in today's sale. Please note there is a couple of females in this offering white on their udders & one female with white patches on her flank/navel.
