Assessor Comments	An outstanding opportunity to purchase a quality line of PTIC heifers of one ear mark. Two lots in the sale comprising of 68 head in total. East Gippsland bred, Hazeldene bloodlines originally A/C “Sheridan Partners”. Heifers presented in forward prime condition, heifers are of an outstanding quality, large framed, traditional in type, showing plenty of length and depth.. PTIC to commence calving 1st of February, ultrasound scanning shows that majority conceived in the first cycle of joining. These heifers are super quiet, very calm to work with and draft, flowed through the race without fuss. Highly recommend the opportunity to put a quality line together
