Quality Grades

Store Condition

	Good	100%	Fwd Prime	100%
Temperament	Yards		Crush	Paddock
	Quiet: 5 head		Quiet: 4 head	Temperament not assessed in
	Slightly Stirry: 1 head		Slightly Stirry: 2 head	Paddock
	These animals handled very well through out the yards whilst drafting & photographing. Their temperament slightly altered once pressure was applied during weighing etc etc, although I believe this may be a foreign situation to them causing slight angst. All in all I feel there is no negative concern regarding their temperament.

Assessor Comments	Greenwood Agriculture are offering an opportunity to purchase a nice little line of exceptionally quiet Murray Grey Cows that are in the prime of their life & pregnancy tested in calf to tremendously well muscled Speckle Park sire. These females are very much proven breeders over the previous years with raising healthy & quick growing progeny that have always returned substantial \$\$ when being sold. If you're looking for that added splash of colour difference, hybrid vigor, quick growth or just merely something different ! Then here's an opportunity to purchase a product that will give exactly just that! Please note the Vendor has another two similar lots available within the Eastern States sale.
