| Assessor Comments      | On offer is a fantastic line of Angus Cows PTIC to their second calf. These large framed females are Banquet and Barwidgee blood, they were purchased from the Western District in winter from the breeder and were only sold due to the seasonal conditions. They've just had big calves taken off them but are being presented in forward condition. These cattle were joined from the 1st of August for 8 weeks and they've been Pregnancy Tested in calf on the 27th of November to Langi Kal Kal bulls. |
