Some steers presented with pace through the crush settled back in the yards. Worked in small yards and handled quietly were calm to work with a few more nervous types kept to the mob.	
Handled With	Bikes , On foot , Vehicles
Assessor Comments	A well presented line of Angus steers predominantly Rosedale bloodlines. Cows were purchased PTIC remainder are Landfall and Quarterway angus blood lines. They are showing plenty of frame and depth of body. Would suit a feeder program or have potential to grow out to heavy weights.
