	Calves showing typical breed traits being unweaned. Steers were fast through the crush and running in bigger yards when given space but then were good to handle going through yards without being pressured.

Assessor Comments	A exceptional line of very well bred Steers for sale. These Steers are very well bred and are renowned for their doing ability. These Steers show very good weight for age and length on body. Steers would be ideal for a backgrounding operation to take through to heavier weights to suit either Domestic or Export markets. Please note the vendor has 37 Heifers also available in the same sale.
