Assessor Comments

55 Good quality, quiet, EU Accredited weaner steers 9-10 Mths. 317 - 406Kg at assessment to average 340.2Kg curfewed. Grass fed & Antibiotic free. A large percentage of the mob are showing signs that the cows have naturally weaned their calves. Please see photos as it is quite evident. These steers would normally be carried through to heavy feeder or slaughter weights by the vendor but room must be made for breeding females this year. Cattle are very quiet and a credit to
