Assessor Comments	A good line of predominantly Angus weaned steers. Calves were weaned the day before assessment and are currently being yard-weaned onto hay. Weaners are presenting in good forward store condition. An ideal lot of steers, that should perform well on some crop or pasture to grow-out to feeder weight or potentially hold for a kill carcass. NOTE: 1 steer presented with blue eye scarring. 1 steer had scurs at assessment. Vendor has multiple lots in sale.
