Vendor Comments

Steers were purchased and have done very well, quiet and easily handled.

Temperament	Yards	Crush	Paddock
	Quiet: 38 head	Quiet: 28 head	Temperament not assessed in Paddock
	Slightly Stirry: 3 head	Slightly Stirry: 11 head	

	Steers are quiet and handled reasonably well with an aging crush/race. Nominated 11 steers getting agitated while on scales, quickly calming once in yard.

Assessor Comments	41 Speckle Park cross steers really going ahead on natural pastures. Averaging 395kg at assessment 330-456kg. Steers are genuinely quiet, however were being weighed in an aging race/head bale only 3 were possible to mouth (all 3 sound milk). therefore an estimate of 12-15 months of age has been used. Steers were purchased ex Tamworth store sale, from various vendors local to the Tamworth district. Steers have been doing extremely well on natural pastures with access to Urea/ Calcium blocks. They show great bone and depth and should go onto meet your required specifications There are 13 Grey Speckles, it is again assumed they're Murray Grey Speckle cross.
