Assessor Comments	Buyers, a two deck lot of milk and two tooth Angus cross heifers averaging 346kg. These heifers would be ideal to keep as breeders or feed on to domestic or export kill weights. These heifers were a pleasure to handle throughout the entire drafting and weighing process. PLEASE NOTE. A young 12 month old Angus x Shorthorn Bull made his way into the paddock in which these heifers were. It is believed the Bull got in the end of November and was removed at assesment. Vendor also has the Crossbred portion in the same sale.
