Steers were very good to handle in the yards. Some did become slightly agitated in the race and weigh box, however, settled quickly once returned to the mob.

Assessor Comments	This is a very even run of Angus vendor bred EU accredited feeder steers. These steers are anti biotic free and grain free, making eligible for most grass-fed programs. These steers are all vendor bred from the renown New Turee EU angus cow herd. This is an opportunity to purchase some of the high performing angus steers that New Turee have built their reputation around. These steers have had their 1st shot of Bovilis MH & IBR on the 25/11/2025, (details available to purchaser). There is the odd steer that has a slight old blue scar (not detrimental) and the odd steer missing portion of his tail. Please note vendor has another lot of steers in the sale.
